*Sponsored by the City of San Diego
Environmental Services Department*

FREE **Lead-Based Paint** **Hazard Seminar** *for* **Property Owners, Landlords, and** **Property Managers**

Are you in compliance with the current city and state regulations about lead-based paint? Do you know city and state regulations make it illegal to create or maintain a lead hazard on your property? Do you know when you are required to provide the booklet shown here to your tenants? Federal regulations may also require you to provide this booklet to tenants before performing renovation or remodeling activities on buildings older than 1978.

What Will You Learn?

- How the City's lead ordinance and lead state regulations about the presence of lead hazards affect you.
- How these revised regulations can allow your property to be declared "substandard."
- About the City's Lead Safe Neighborhood Program and how it can assist you.
- How to ensure compliance with federal, state, and city lead-based paint regulations by using lead safe work practices.
- Information on how to recognize and safely correct lead hazards.
- The financial assistance programs available.

Date: Saturday, October 20, 2007

Time: 10 a.m. to 12 a.m.

Location:

Ridgehaven "Training Room", 1st Floor
9601 Ridgehaven Court
San Diego, CA 92123
